S&V CONSTRUCTION AND SERVICES

# About Us

Founded in 2025, S&V Construction and Services emerged from the vision of seasoned entrepreneurs in the construction and real estate industries. Spearheaded by Engr. Christiam Jim A. Santos, the company was born from a shared commitment to meet the growing demand for sustainable, innovative, and cost-effective building solutions in a rapidly evolving market.

Backed by deep expertise in engineering, project management, and environmental design, our team set out to redefine the construction landscape. At S&V, we aim not just to build structures— but to shape communities, elevate standard and make a lasting impact through responsible, forward-thinking practices.

S&V CONSTRUCTION AND SERVICES

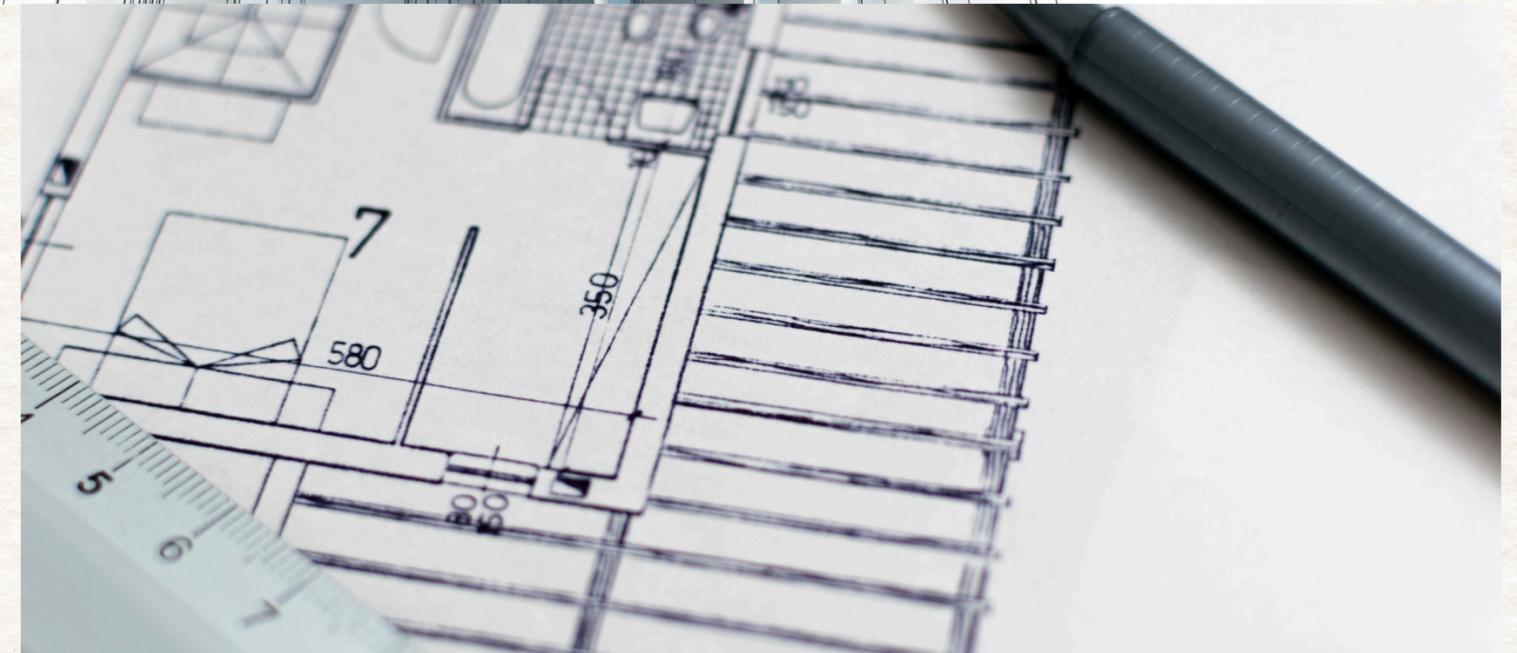

# MISSION

Dedicated to integrating smart design, sustainable materials, and energy-efficient solutions into every project, ensuring that our buildings are both resilient and environmentally responsible.

# VISION

To be the go-to builder for high-quality, on-time, and sustainable construction solutions, delivering lasting value to our clients and communities.

S&V CONSTRUCTION AND SERVICES

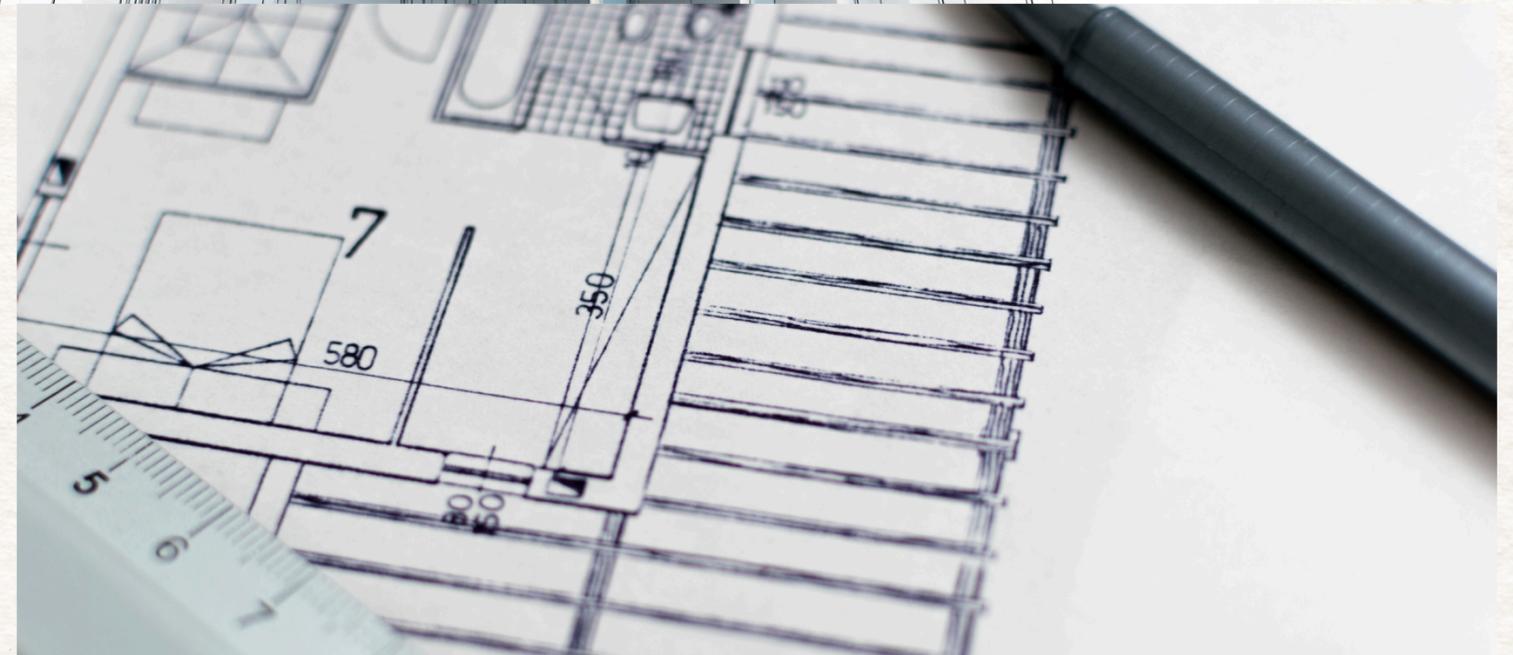

# CORE VALUES

- Precision and Accuracy
- Project Efficiency and Optimization
- Structural Integrity

# SERVICES

- Civil Works
- Architectural Works
- Design and Build Projects
- Home Renovations
- Fit out Works

S&V CONSTRUCTION AND SERVICES

# Owners

## ***Engr. Christian Jim A. Santos*** ***Project Operations Head***

- A licensed Civil Engineer who handled various residential, high rise and infrastructure construction projects through out his 12 years of experience.
- Wide experience in Project Management wherein he gain and master the principles of Cost Estimate, Project Scheduling, and Budget control for all types of projects.

S&V CONSTRUCTION AND SERVICES

# DESIGNED PROJECTS

## PROJECT DESCRIPTION

Commissioned by Mr. Rommel Rueda, this upcoming two-storey residential home in Calumpit, Bulacan is thoughtfully designed to reflect modern living within a practical and efficient layout. Featuring two bedrooms and tailored for a small to medium-sized household, the project strikes the perfect balance between functionality, comfort, and style.

Commissioned for Architectural and Structural Design services, the project scope includes detailed plans, elevations, sections, and structural drawings. The design emphasizes simplicity, integrity, and long-term livability—crafted with the client's lifestyle and the local environment in mind.

S&V CONSTRUCTION AND SERVICES

## PROJECT DESCRIPTION

Set in the scenic hillside city of Antipolo, Rizal, this project breathes new life into a two-storey home through a creative and functional interior design renovation. With a focus on elevating comfort and visual appeal, the renovation targets key living spaces to better reflect the homeowner's lifestyle and taste.

Exclusively commissioned for Interior Design services, the project encompasses spatial reconfiguration, material curation, furniture layout, lighting design, and overall interior styling. The design approach brings harmony between aesthetics and everyday usability—transforming existing spaces into warm, personalized, and inspiring environments.

S&V CONSTRUCTION AND SERVICES

## PROJECT DESCRIPTION

This project involves the interior design renovation of a two-storey residential home in Antipolo, Rizal, aimed at enhancing both the functionality and visual appeal of the existing space. The renovation will focus on creating a more comfortable, modern, and cohesive living environment that aligns with the homeowner's unique needs and style preferences.

Commissioned exclusively for Interior Design services, the scope includes the transformation of the interior layout, selection of high-quality finishes, lighting design, furniture arrangement, and overall ambiance. The design will seamlessly blend the client's personal taste with the existing architectural features, ensuring a harmonious balance between modern updates and the home's original character.

S&V CONSTRUCTION AND SERVICES

## PROJECT DESCRIPTION

This two-storey residential development in Calumpit, Bulacan is a prime example of efficient and thoughtful design tailored to meet both aesthetic and practical demands. The home is planned to offer a modern yet approachable living experience suited to the client's vision.

Commissioned for Architectural Design services only, the scope includes comprehensive design plans—from layouts and elevations to detailed construction drawings—crafted to maximize space, natural light, and flow. The architectural concept blends comfort, style, and sustainability, all thoughtfully adapted to the climate, site orientation, and local building standards.

S&V CONSTRUCTION AND SERVICES

## PROJECT DESCRIPTION

This project involves the development of a two-storey residential building located in Calumpit, Bulacan, commissioned specifically for Architectural Design services. The design is centered on delivering a home that is functional, comfortable, and visually appealing—crafted to reflect the client's unique lifestyle and preferences.

The architectural scope includes the creation of comprehensive design documents such as floor plans, elevations, and technical drawings required for permitting and construction. The design process will thoughtfully consider site orientation, climate, and local regulations to ensure a well-integrated, efficient, and sustainable residential structure.

**IMPORTANT NOTICE: Filing schedule for license renewal application – on or before April 09, 2026**

## **TERMS AND CONDITIONS OF REGULAR LICENSE**

1. The Licensee must observe and abide by the provisions of Republic Act No. 4566, as amended by Presidential Decree No. 1746, its implementing Rules and Regulations, and other orders or instructions which the Philippine Contractors Accreditation Board shall issue from time to time pursuant to its power and authority under the law.
2. The License shall be valid during the contracting fiscal year it was issued provided it has not been suspended, cancelled, or revoked by the Board.
3. The License must be renewed annually on or before the expiration of its validity; otherwise, the contractor shall be deemed to be operating without a valid license.
4. The License is non-transferable.
5. The Licensee must not submit bids, sign construction contracts nor undertake construction projects after his/its license has expired and before the same is renewed otherwise the contractor shall be meted the appropriate disciplinary action and pay additional licensing fee in accordance with the existing schedule.
6. The Licensee's qualification is subject to review at any time to ascertain the contractor's eligibility to the present classification and category of his license.
7. License category may be upgraded and other classification(s) may be added to the license only upon formal application by the Licensee together with all the necessary supporting documents.
8. The Licensee must not undertake/implement construction projects which are not within the scope of the license's classification otherwise may be imposed appropriate disciplinary action and payment of additional licensing fee in accordance with the existing schedule.
9. The Licensee must immediately notify the Board in writing of the resignation or disassociation of its Sustaining Technical Employee and must replace the said employee within a period of ninety (90) days from the date of resignation or disassociation. Failure to notify the Board within 30 days from the date of resignation of the Sustaining Technical Employee is a ground for immediate revision of the category and classification(s) of the License.
10. Submission of falsified documents or any misrepresentation or false information in the application for a license or renewal thereof shall subject the Licensee to administrative disciplinary action without prejudice to the imposition of penal sanctions provided for by Law.
11. The Licensee must submit to the Board monitoring reports that may be required from time to time.
12. A Licensee who is retiring from the construction business must advise the Board in writing and must immediately surrender the license to the Board for cancellation.
13. The Licensee must at all times observe and adhere to the letter and spirit of the Code of Ethics of constructors.
14. The License is valid only when signed by the individual proprietor or the Authorized Managing Officer of the Licensee.
15. The Licensee must employ only licensed subcontractors and/or specialty contractors.
16. The Licensee shall sub-contract only from a licensed contractor.
17. The Licensee shall only sub-contract from a licensed project owner undertaking by himself, a project for commercial / industrial use.

## **CONSTRUCTORS' CODE OF ETHICS**

1. A constructor should be fair and honest in his business dealings, his practices and activities guided by principles of justice and equity.
2. A constructor should conduct himself with honor and dignity in his relations with his fellow constructors, fully aware that to speak maliciously of the work reputation or ability of a fellow constructor is highly unethical, and should cooperate with them for the protection and advancement of the construction industry.
3. A constructor should undertake his construction contracting activities on high ethical level and deliver quality service and faithful performance of the undertaking to which owner-clients are entitled.
4. A constructor should not advertise his firm's business in misleading terms and make false representations which may not only be improper but also immoral.
5. A constructor should refrain from the unfair competition which is a disservice to the construction industry.
6. A constructor should be fair and just to his employees, consider their welfare with sympathy and understanding.
7. A constructor should not attempt to supplant a fellow constructor who is in the employ of the owner or prevent a constructor from undertaking that which the owner has engaged him to do as it is a practice inconsistent with the honor and dignity of the construction contracting industry.
8. A constructor should hold himself dedicated to the proposition that the construction industry should be rid of participants whose reputation, conduct and practices are inimical to the construction industry.
